UK Plug

Horizontal IEC PDUs

Picture shows 12 way horizontal IEC PDU

- Horizontal IEC C13 10A outlets
- Tough 1.5U aluminium extrusion
- Shrouded switch with switch cover
- C14, C20, or 16A options
- 3-metre 1.5mm lead

Horizontal IEC PDUs are a popular unit when it comes to power distribution, as they allow a higher density of power sockets, to distribute power from one easy location in the rack.

The cable exits the unit at the rear, making mounting of the PDU easier, whilst taking up only 1.5U of vital rack space
