EAN-13: 0766623434362 | UPC: 766623434362

Ergonomic Mousepad with wrist rest / palm support for more comfort during work and gaming

If you use a desktop mouse with your computer, the Manhattan Wrist-Rest Mouse Pad provides the comfort you need to work and play better. The pad's soft raised surface uses a gel material to support your wrist and prevent fatigue. The textured, performance-tuned surface optimizes optical and laser mouse sensors for pixel-precise accuracy and total tracking responsiveness. Its rubberized, non-slip backing keeps the pad firmly in place, even in hectic situations. The pad itself protects your desk's surface, so you don't scratch its finish as you move the mouse where you need it. This mouse mat helps you keep working at any computer task and makes any game more enjoyable. A water-resistant coating protects against spills. Plus, it's stain-resistant and easy to clean.

Features:
