

Kensington Wireless Presenter with Red Laser

33374EU

Product Description

Professionals count on Kensington for control of their presentations. With a highly reliable wireless connection and intuitive controls, this remote allows you to focus on what matters most — making an effective presentation. With a 4-button layout, you can easily go forward and back on your PowerPoint® or Keynote® slides, while the other two buttons offer a screen blackout option and a red laser pointer. The wireless 2.4GHz receiver stores conveniently inside the remote, and since it's uniquely paired, you don't have to worry about device interference.

Features

- Intuitive 4-button controls for forward, back, blackout, and play for a slideshow
- Red laser pointer
- 65-foot wireless range
- Internal storage for wireless USB receiver so it won't get lost
- Compatible with PC und Mac®
- Plug and play simplicity requires no setup
- Provides forward and back control of PowerPoint® and Keynote® with no drivers needed
- Laser Pointer - see instruction guide for laser pointer safety information
- Rubber textured grip
