AMR2AWS

Computer Wall Mount Workstation System

AMR2AWS allows 2 flat panel monitors and its peripherals to be mounted in one apparatus. Our revolutionary hinge modules are designed to enable display monitors to be rotated, swiveled and tilted. The keyboard tray can be flipped and extended to conserve space. The workstation each arm support monitor up to 17.6lbs and less or equal to 24". The workstation features a inside wall track cable management system to connect to the CPU. This product must have an appropriate wall base to support the mount fixture.
