

Privacy Filter 2-Way Self-Adhesive iPhone X

The Secret 2-Way privacy filters prevent your display from being viewed from two sides (left/right)

Image being updated

Remote working has made smartphones increasingly popular. In public places, it is difficult to protect the data on the display from being seen by third parties. DICOTA has the perfect solution for you! The Secret 2-Way is a highly effective protective film for your display that protects personal and confidential data from prying eyes. The film adheres directly to the full surface of your display thanks to the use of a silicone layer.
