

## WarmView™ Wellness Monitor Stand with Ceramic Heater

Work with the Hottest Monitor Riser

K55464EU

### Product Description

Combine the ergonomic benefits of raising your monitor height and the wellness benefits of personal temperature control with the Kensington WarmView™ Wellness Monitor Stand with Ceramic Heater. The steel base elevates your monitor to an optimal viewing height to promote a healthy posture and increase productivity. The integrated personal heater provides safe and quiet heat for a more comfortable workspace. The sleek 2-in-1 patent-pending modular design provides a warmer and more organised workspace within a small desktop footprint. An ideal monitor riser for modern homes and offices focused on wellbeing. Supports iMac and external monitors up to 27".

**Minimum Order Quantity** 1

### General information

**Colour** Unknown

### Features

- Ergonomic Design promotes a healthy posture and optimises comfort for the neck and shoulders by elevating the monitor to an optimal viewing height.
- Kensington patent-pending modular design supports comfort and productivity by allowing you to swap the heater with a cooling desk fan (K55855EU) or an air purifier (K55462EU) to accommodate different seasons, environments or personal preferences.
- Stylish and durable design fits well with either a home office or modern business environment and supports monitors and all-in-one PCs up to 27".
- Portable 250W ceramic heater can be removed and used as a standalone personal heater, providing fan-powered warmth for desk spaces up to 1.1 square metres (12 square feet).
- Certified 10-point safety system includes auto shut-off, auto-off tip over switch, overheat protection, overcurrent protection, thermal cut-off fuse, 18-second cool-off fan, UL-94-V0 certified fire-retardant plastic, cool-touch housing and safety-proven PTC technology for a TÜV certified personal heater.

### Specifications
