## Architects' and Engineers' Specifications

- S/SF Series Security Covers shall be MAP part #SX or SFX (X=ack spaces required.)
- The S/SF shall be constructed of the following materials:
  1. Panel shall be 16 gauge steel (one piece construction).
  2. In order not to mar protected equipment, rubber edging shall be used.
- S Series allows unobstructed view of knob settings
- SF Series allows sight of LED's (most secure).

### OPTIONS

- Use our security rack screws to enhance level of security (Model HS and HTX.)
