TC3 Minijack Module (phoenix on rear)

TC3 3.5MM/V2 EU SAP: 5354529

vav.link/tc3_3-5mm-v2 ◹

Occupies 1 module space
Ideal for use with stereo audio cable
Phoenix connector at rear
Pass-through on rear
Input on front disconnects rear input

This module is part of Vision's Techconnect connectivity faceplate family.

Fixes to Surround
Techconnect modules fix into a surround, which in turn fixes to a backbox, mudring (for hollow walls), or a table faceplate.

Future-proof
If you break a module or need to change it in the future, just replace that part - not the entire faceplate.

Flexible
Get to site and the client changes what they want on their AV faceplate? No problem.
Strong
Techconnect parts are robust for the rigours of every day use. They include strengthening ribs and reinforcing where required.

Proven
For over 15 years Techconnect has improved and developed into one of the most popular AV faceplates in the world.

Half-Normalled
The input on the rear decouples the earth to eliminate earth hums, or it allows signals to pass through. When an input is plugged into the front socket it is disconnected.
