

MPN: MC-PCIE-I350-T2

PCIe 2-Port Intel I350AM2 Dual 1GbE Server Card

This MicroConnect Intel Ethernet Server Adapter I350 family builds on Intel's history of excellence in Ethernet products. Intel continues its market leadership with this new generation of PCIe* GbE network adapters. Built with the bridgeless Intel® Ethernet Controller I350, these adapters represent the next step in the Gigabit Ethernet (GbE) networking evolution for the enterprise and data center by introducing new levels of performance through industry-leading enhancements for both virtualized and iSCSI Unified Networking environments. This new family of adapters also includes new power management technologies such as Energy Efficient Ethernet (EEE) and DMA Coalescing (DMAC).

Compatible with DELL 3440 SFF/I7/16GB/512SSD/P1000/W10PRO/3Y

- Halogen-free dual- or quad-port Gigabit Ethernet adapters with copper or fiber interface options
- Innovative power management features including Energy Efficient Ethernet (EEE) and DMA Coalescing for increased efficiency and reduced power consumption
- Flexible I/O virtualization for port partitioning and quality of service (QoS) of up to 32 virtual ports
- Scalable iSCSI performance delivering cost-effective SAN connectivity
- High-performing bridgeless design supporting PCI Express* Gen 2.1 5GT/s
- High & Low Profile Bracket included

Specifications

Design	Easy to install	Yes
	Internal	Yes
	Product colour	Multicolour
Features	Chipset	Intel I350-T2
Operational conditions	Operating temperature (T-T)	0 - 55 °C
	Storage relative humidity (H-H)	35 - 90 %
	Storage temperature (T-T)	-40 - 70 °C
Packaging data	Drivers included	Yes
	Manual	Yes
	Quantity	1
Ports & interfaces	Expansion card standard	PCIe 2.1
	Host interface	PCI Express
	Output interface	RJ-45
Power	Power consumption (typical)	2 W
System requirements	Windows operating systems supported	Yes

Vendor information

Brand Name	MicroConnect
Homepage	https://microconnect.me/
Warranty	3 Year(s)
