iPad Pro 11" 2022/2021/2020 Screen Protector. Titan Shield®. 5 pcs BULK pack - for machine or manual installation

This glass is equipped with an applicator sticker and is suitable for application in our eSTUFF tablet applicator machine. The applicator sticker can however also be removed and the glass can be installed manually like any other tempered glass. A premium, case friendly, clear tempered glass which covers the flat part of the screen. It offers ultimate protection against scratches, chips and cracks. It is 9 times stronger than normal glass. An anti-shatter film ensures that small glass pieces are kept in place, should the Titan Shield® break. Thanks to the real glass properties there is no change in color or touch experience when the screen protector is applied. If your device is exposed to excessive force the Titan Shield® is designed to break. This will absorb most of the force and in most cases protect your display from harm.
