

# DIGITUS Surge Protection Adapter

**DN-95400**  
**EAN 4016032385660**

**surge protector with power and protected LED safety outlet, 16 A, 3.500W, TÜV-GS, white**

Electronic devices can be exposed to risks through lightning strikes, voltage peaks and voltage drops. Possible consequences include damage and data loss. The surge protection adapter from DIGITUS® protects your devices from these dangers. Thanks to its compact design, you can plug it right into the power socket. The two LED indicators show the status of the line voltage as well as the function of the overvoltage filter.

**Ideal protection for your home and office devices**

- Protect your devices from surges, voltage spikes and voltage drops

- LED-Indicator: Status of the line Voltage (red); Function of the overvoltage filter (green)
- Switching capacity: max. 3.500 W
- Leakage current: max. 13.500 A
- Current Output: 16 A
- Housing material: Plastic
- Color: White

**Package contents**

- Surge Protection Adapter
- QIG (quick installation guide)
