Modular Easy-Connect FTP CAT6 RJ45 network Plug 50pcs. in one bag.

This new Easy-Connect RJ45 CAT6 connection simplifies twisted pair terminations by letting the wires be inserted through the connector and out front. This allows the technician to easily verify the proper wiring order. Electrical performance of the termination is optimized by pulling the connector down over the cable jacket and seating it tightly in the rear of the connector. By reducing the distance between the wire twists and contacts, performance is optimized!
