Remote working has made notebooks increasingly popular. In public places, it is difficult to protect the data on the notebook from being seen by third parties. DICOTA has the perfect solution for you! Secret is a highly effective protective film for your screen that protects personal and confidential data from prying eyes. The protective film is placed directly on the screen. Plastic holders affixed to the edges of the screen keep the filter in place. The filter can be easily removed from the screen as needed.<break>
