

CNS-CMSW09

## Dual Mode Wireless Mouse: Bluetooth and USB

  
2 wireless modes:  
BT or 2.4 GHz

  
Silent click buttons

  
Durable double  
rubber coating

  
DPI adjustable  
button  
800-1500

This minimalistic mouse will bring comfortable experience to your daily work due to its compact size, reliable rubberized coating, and 6 silent durable buttons. Power saving technology will make you forget about discharging battery. The mouse works in two modes - bluetooth and 2.4 GHz, so if you forgot the USB receiver, or just want to free up your USB port, you can use Bluetooth connection. It not only feels good, but it also looks amazing with its original metallic colour, applied by 2 times coating technology. Focus on the most important things, and let Canyon mouse become a reliable assistant in any working situation!
