

Quick Start Guide

U15921 / First Edition V1 / November 2019

1. Hardware Installation

Insert USB-BT500 into the USB Type A port of your device.

NOTE: In order to successfully install USB-BT500 on a laptop or desktop which has a built-in Bluetooth module, ensure to go to Windows Device Manager and disable the built-in Bluetooth before installing USB-BT500.

2. Driver Installation

Download and install the latest driver from ASUS official website at https://www.asus.com/Networking/USB-BT500/HelpDesk/Download/

NOTE: If you are using Windows 10 and connected to the internet, the system will detect the driver automatically. Follow the instructions to download and install the latest driver.

3. Ensure that you have turned on Bluetooth in Windows

Search for "Bluetooth" in Windows' Search box to open the Bluetooth settings panel. Ensure that you have turned on Bluetooth and applied adequate settings.
