Wall Charger Power Bank - four handy devices in one portable charger

The Manhattan 4-in-1 Travel Wall Charger and Powerbank 8,000 mAh provides you with incredibly useful functions on one device. Use it as a USB wall charger to charge smartphones, tablets, eReaders, headphones and more from two USB-A and one USB-C port with per-port power up to 5 V / 2.4 A. You can also skip the wires altogether and charge compatible mobile devices on the 5 W wireless charging pad. For even more convenience, this all-rounder lets you charge on the go without plugging into a socket since it's also an 8,000 mAh powerbank. Its convenient digital number display lets you check the remaining battery at any time. Recharge the powerbank directly via AC on a power outlet or through its USB-C port. Finally, if you're an international traveler, you'll love its foldable US and swappable UK and EU plugs that let you charge devices in the many regions that offer these outlet types.
