

Delock Keystone Module TOSLINK female > TOSLINK female black

Description

This module by Delock can be used to extend e.g. a TOSLINK cable. With its standardised dimensions it can be used for easy snap-in mounting in e.g. a Keystone patch panel, face plate or surface-mount box. The short, angled cable has a small mounting depth and allows a space-saving installation in hard to reach places in equipment or in cable ducts.

Item no. 86868

EAN: 4043619868681

Country of origin: China

Package: Zip poly bag
