

HP Engage One Pro Fingerprint Reader

Speed up and simplify the employee log-in process, while ensuring maximum accuracy and security. Our fingerprint reader integrates seamlessly into the HP Engage One Pro for easy and effective checkout security.

Integrated, space-saving design

Eliminate checkout area clutter with our new space-saving design. The fingerprint reader cleanly integrates into the bottom left side of the HP Engage One Pro for a sleek and functional solution.

Actively secure and accurate

Reduce opportunities for theft, while enabling secure and highly accurate employee log-in. Detects fingerprints whether the unit is active, in stand by, or even deep sleep mode.¹

Get it when you need it

Choose to have the fingerprint reader included when you purchase your HP Engage One Pro, or to add it on later as you need the upgrade.¹

Your choice of OS

Enjoy support for your retail operating system of choice. The HP Engage One Pro fingerprint reader supports Windows 10, Windows 10 IoT, Linux®, and Android-based systems.

Supported by HP

Rest easy that your IT investment is supported by a three year standard limited warranty.²
