

Delock Cable Management Set 5 pieces

Description

This cable management set by Delock is perfect for keeping exposed cables tidy, protected and clear, e.g. in the office or at home. It includes three cable holders, a spiral hose and a Velcro tape.

Cable holders

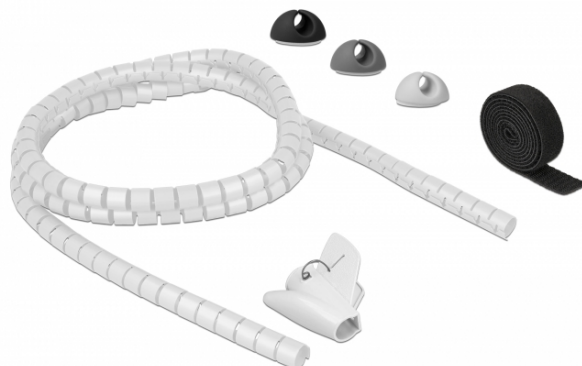

They are self-adhesive and can be easily attached to any smooth surface, such as a desk or wall and removed without leaving any residue. With their small round design, the cable holders fit inconspicuously into any room.

Spiral hose with pull-in tool

The spiral hose can be used to bundle cables and protects them from dirt or damage. The pull-in tool, which is included in the content of delivery, enables easy threading of the cables.

Velcro tape on roll

The Velcro tape can be used e.g. for space-saving bundling of single cables, for closing bags or also as a retaining strap for luggage or similar. The tape can either be sewn, nailed or stapled to the object. The Velcro fastener makes it very easy to attach and detach the Velcro tape, which makes it reusable. It can be easily cut to the desired length by using a scissor.

Specification
