Color specialist optimizes processes and performance

SUDARSHAN

“When people make initial requests, the first thing they ask is when they can have it. With the HPE GreenLake platform, that’s something I can set out very clearly and promise to the business.”

– **Sandeep T Mhalgi**, General Manager, Business Technology, Sudarshan

With a growing business and an increasingly global reach, Sudarshan’s IT environment was required to meet new demands and expectations. A new hybrid platform gave the business new freedom to grow, develop, and deploy IT solutions in line with business requirements in optimized time.
