SPECIFICATIONS

Dimensions	350x250x3mm
Material	Soft & foldable
LED	RGB, 7 colors, 12modes

DESCRIPTION

The E1 series mouse pads are produced with latest generation materials, strictly anti-abrasion and non-slip, with a surface optimized for all types of sensors to ensure maximum precision. They are made with a "cloth" design for better portability and with rigorously anti-fraying seams for an infinite duration. This is the RGB version with 7 colors, which offers 12 different lighting modes with memory function. This series is available in two different sizes: L and XXL.
