## devolo WiFi 5 Repeater 1200

- **More range:** Increase the range of the existing Wi-Fi in your home office or entire home quickly and easily!
- **For all devices:** Whether you're using a smartphone, tablet or smart TV – the devolo repeater is compatible with all Wi-Fi devices and Internet routers.
- **Configuration at the touch of a button:** The WPS function means that all you have to do is push one button on your router and on the repeater – and everything is ready to go.
- **Wi-Fi 5 standard:** Enjoy browsing at high speeds of up to 1200 Mbps and boost the reception quality for media streaming (e.g. Netflix, Amazon Prime and many others).
- **Intelligent Wi-Fi:** Data streams are automatically prioritised. No more lagging during a video conference just because another device is downloading an update.
- **Integrated network connection:** An Ethernet port for stationary devices such as receivers, smart TVs or game consoles.
- **Speed boost:** The parallel use of Wi-Fi frequencies 2.4 and 5 GHz increases the transmission speeds (crossband repeating).
- **Maximum security:** devolo products feature the most recent encryption standards WPA2/WPA3 (banking standard), ensuring that your data are protected.
- **devolo Home Network app:** Easy set-up with step-by-step instructions.
- **Access point function:** The repeater can also be used as a Wi-Fi access point in order to establish a new Wi-Fi network.
- **Long-lasting and reliable:** devolo develops cutting-edge products for millions of customers around the world and provides a 3-year manufacturer's warranty!
