

Delock Glass fiber scissors for fibers made of aramid

Description

These scissors by Delock are especially suitable for cutting so-called Kevlar® fibers.

Clean cut

The **micro-serrated cutting edges** ensure a **clean cut** and prevent the fibers from slipping away. The scissors are therefore ideal for cutting Kevlar®, Kevlar® blended fabrics, polyester and many other technical fabrics made of aromatic polyamides.

Good handling

The ergonomically shaped handle, with **enlarged transmission**, makes work easier and can be used by both **right-handed and left-handed users**. In addition, the scissors have a **lever bearing with regulated pressure**.

Specification

- Hardened steel scissors with plastic handles
- Micro-serrated cutting edges
- Colour: blue
- Weight: ca. 58 g
- Dimensions (LxWxH): ca. 143 x 82 x 10 mm

System requirements

- Suitable materials for cutting

Package content

- Glass fiber scissors

Item no. 90554

EAN: 4043619905546

Country of origin: China

Package: Blister
