

Doro 8100

The easy to use, easy to love smartphone

The Doro 8100 is the ideal smartphone for seniors who want an easy, enjoyable and reassuring device for staying connected. It features our intuitive interface, EVA, providing conversational style navigation that simplifies everything the user wants to do – especially helpful for anyone who is new to Android. And of course Google Assistant is always there to conveniently carry out voice commands. The phone is not only compatible with hearing aids, but also has special technology to ensure an optimal sound experience for people with various degrees of hearing loss. The new triple-camera design, simplified camera menu and crisp display make taking and sharing photos a joy. And our signature assistance button, in combination with the Response by Doro app, means help is always within reach, providing peace of mind for both the user and their relatives. The Doro 8100 also comes with the TeamViewer app pre-installed to enable remote assistance from a trusted contact.

- **Easy to use with intuitive interface and Google Assistant**
- **Assistance button for sending alerts via the Response by Doro app**
- **Triple camera for stunning photos, day or night**
