

HP DesignJet T950 36-in Printer

The world's most efficient A4-A0 printing experience to boost productivity¹

EFFICIENT—Save time, get through more jobs

- Print it all—from renders and CAD drawings to educational posters and durable retail signage, you'll see high-quality results across print sizes with pigment-based HP Flex Tech Inks.
- Do it all—seamlessly print your A4 jobs with integrated input and output trays, keeping pages sorted by size.
- Stay focused—print A1/D-sized plots in as fast as 25 seconds³ and experience fewer ink interruptions with 130/300 ml cartridges.

CONNECTED—Seamless and secure by design

- Save time with HP Click Print solutions—print in fewer steps and avoid reprinting with print preview.
- Protect your printer and data from cyberthreats without any effort thanks to HP Wolf Pro Security.

SUSTAINABLE—Save energy⁵ and minimize waste^{6,7}

- Invest in a compact, robust plotter made with at least 35% recycled plastic.⁶
- Lower energy use by up to 65% with automatic on/off scheduling,⁵ and enjoy efficient ink maintenance routines.
- Recycle your HP cartridges through HP's Planet Partners program.⁷

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>

Messaging Footnotes

¹ Based on test results using HP Click with the HP DesignJet T850. This solution enables printing in fewer steps compared to main competitor printing solutions. Printing a 5-page mixed job set with A1 and A3 takes 3 steps using HP Click vs. 12 steps with competitor A and 8 steps with competitor B. Testing performed by Sogeti, April 2023. Detailed test report is available upon request.

² Based on test results using A0 size, plain paper, and standard configuration. Stacking capacity is subject to paper type, printed file and ambient conditions.

³ Mechanical printing time. Printed in Fast mode with Economode on, using HP Bright White Inkjet Paper (bond) and Original HP Inks.

⁴ HP Click App is compatible with Windows and Mac. HP Click Driver is compatible with Windows 11 only. HP Click software is only compatible with Original HP Ink supplies. Applicable to PDF, JPEG, TIFF, DWF, and HP-GL/2 files.

⁵ The percentage reductions in energy consumption are based on tests conducted by HP, 2024. Data based on the implementation of auto-scheduled on/off usage in various printer models, measured on a monthly basis. Actual savings may vary depending on the specific usage patterns, printer models, and environmental conditions.

⁶ Declared %RCP content is based on the quantity and weight of parts made with RCP resin over the total plastic parts.

⁷ Program availability varies. See <https://www.hp.com/go/recycle>.
