Compact-MSB Standard

Perfect small base for a rapidly deployable Mobile Surveillance Unit.

The Tower comes with Battery backup and network setup built-in accessories.

The MSB-Compact is a compact, rapidly deployable base for mobile CCTV towers, designed to secure unmanned or hard-to-reach sites where space is limited. With comparable functionality to our larger Basic, Basic Plus, and Premium models, it delivers faster setup, indoor deployment options, and cost-effective operation without sacrificing capability.

Ideal for urban areas, vacant properties, or temporary installations, the MSB-Compact helps maintain surveillance, reduce the risk of theft and vandalism, and keep operations running smoothly when site staff are absent.
