Privacy Screen 14" W (16:9)

[Targus ASF14W9EU display privacy filter 35.6 cm \(14"\):](#)

Protect the data on your visible screen in the office or on the move.

There are some things in life that are great to share. Important personal or company documents are not amongst them. You would not pass your personal photo album or business documents to the person sitting next to you in an airport or on a plane.

The digital age has replaced traditional paper documents and photographs with electronic files and digital pictures. So protect whatever information is on your screen from wandering eyes with a Targus Privacy Screen. The Privacy Screen is a micro slim film that covers the notebook/ LCD screen and only allows normal viewing from directly in front of it, whilst also reducing glare from the screen and protecting it from damage.

Targus ASF14W9EU. Maximum screen size: 35.6 cm (14"). Protection features: Scratch resistant. Weight: 40 g
