Black Line HDMI to DVI-D cables feature triple shielded construction with 30AWG tinned copper conductors for performance and corrosion resistance. Nickel connectors and 24K gold plated contacts maintain signal integrity and reliability.

The tough PVC housing incorporates an integrated finger grip for easy installation. Large thumb screws allow the connector to be tightened into place without the need for a screwdriver and a flexible strain relief prolongs cable life.

Black Line HDMI to DVI-D cables support resolutions up to 1920x1200@60Hz including HDTV resolutions up to 1080p.
