Canon imageFORMULA DR-C225 II ADF + Manual feed scanner 600 x 600 DPI A3 Black:

The DR-C225 II scanner uses an innovative, space-saving design to improve the accessibility, management, and collaboration of documents and information. With top feeding and default top eject, the DR-C225 II scanner has a very small operational footprint. This slim and unique upright design is ideal for environments where desk space is at a premium. This compact scanner has the ability to scan up to 25 pages per minute, scanning both sides of an item simultaneously. It reliably handles a wide variety of document types, such as thin or thick, and plastic or embossed cards. Regardless of document type, the DR-C225 II scanner can deliver high image quality by adjusting output resolution and removing shadows from the scanned image. Many areas, such as legal, financial, healthcare, and government, can benefit from its small size, ease of use, and high quality imaging.
