USB 2.0 Smart Card Reader

Lindy USB 2.0 Smart Card Reader:

The Lindy USB 2.0 Smart Card Reader makes it easy to manage a variety of smart cards from a Windows or Mac computer with a USB Type A interface.

It supports relevant industry standards like ISO 7816 or PC/SC 1.0/2.0 and multiple smart card protocols. Possible applications can include e-banking, e-payment, digital signature, authentication security, e-government etc.

The Lindy USB 2.0 Smart Card Reader is powered by the USB Bus and easy to install and use. Simply install the smart card driver from the Lindy website, then connect the reader to the PC and plug in the smart card.
